## Wai Kru Ceremony

## Welcoming Our New Staff

**As the new academic year begins, all of the new staff including in service teachers, employees and students teachers from partnering universities received a warm welcome and an official introduction to teachers and students during the morning assembly of the first school week in May, 2011.**

## Apirawee's Exploring Australia

HWN is a world-class standard school which provides its greatest qualified education to more than three thousand students each year. The scholarships and the victory that our students has achieved are the proof to our school standards.

Nonthaburi Provincial Administration Organization in cooperation with Ramkhamhang and Chulalongkorn university granted scholarships for a selected group of students and teachers in Nonthaburi province to experience the living in Perth, Australia for a month which Apirawee Oun-Orn, our M.6/8 student had a chance to join this journey last summer.

The trip started in late March filled with joys and happiness and ended in late April as the students wishing each other all the bests. The students has gained and learnt more about life while also improving their English skills.

### **Apirawee's reflection**

"I got to do many things that I have never done before such as catching a bus to school, and taking a super duper short shower because water is like gold in Australia. We celebrated Songkran festival with the group and people at Phoenix academy. I made good friends from every part of the world. However, what I really gained from this trip is the real life skill"
